Plush Oversized Beach Towel

Close Up of Plush Beach Towel

Get Dry in Style with JVI's Plush Oversized Beach Towel. It will be the big winner for summer promotions, corporate gifts, promotions, sporting events, resorts, education, and spas. Ultra soft, absorbent and quick drying, this oversized 35" x 58" towel is made of 100% microfiber polyester fabric. The compact size when folded makes it ideal for travel.

Dye sublimation is the method of applying an image to specially coated substrates, using three main ingredients: sublimation ink, heat and pressure. We take your art in digital form printing it to dye-sub paper. The printed paper is then aligned with the sublimation media like fleece, textile, various man-made fabrics, and run through heat and pressure to create the final product. Under heat & pressure these dyes, in gas form, are absorbed and encapsulated with pinpoint accuracy into the substrate. The result is a permanent printing which will not wear off, and is washable.

It is printed edge to edge for impactful designs and creates a large advertising surface to display a high quality, impactful full color graphic message.

See pricing on your secure customer JVI Wholesale Site.

Features:

35" x 60"
